

INCOME EXEMPTION TABLE
Calculation of Financial Participation
 (Effective Date 07/01/2022)

To be used in completing DR233 – Statement of Financial Status, in compliance with RAM 12, section 1204 Financial Participation.

Title 9, California Code of Regulations (CCR), 7192 requires the monthly income exemption amounts to be based on the California median income level as reported by the Department of Finance (DOF). The Monthly Income Exemption for a household of one was calculated by dividing the annual median income for a household of one by 12. For larger households, \$158 was added for each additional household member. The figures on this table reflect the latest information provided by DOF, derived from the California Current Population Survey Report, 2021 Data.

Number of Persons in Household	Monthly Income Exemption (including consumer)
1	\$3,180
2	\$3,338
3	\$3,496
4	\$3,654
5	\$3,812
6	\$3,970
More than 6	Add \$158 for each additional person
